Subject: RE: Final Presentation for Annual Technical Update Meeting

Doug,

Thanks for the updates. We were able to download the files and they appear to be functional. In addition, Hanna just called and we discussed presentation logistics with the animation in the LRWQB's presentation so I think we are all set. If anything arises I'll let you know, if not see you all on Thursday.

Thanks,

Marc

Subject: FW: Final Presentation for Annual Technical Update Meeting

Hi Marc and Lynda,

See Hannah's email below which has a link to the final Water Board presentation, both in Powerpoint and pdf, for this Thursday's presentation.

Let me know if you have any questions.

Subject: Final Presentation for Annual Technical Update Meeting

Doug,

Attached is the final presentation for the Annual Technical Update Meeting. I made three minor updates to the draft presentation sent to USEPA. The updates are as follows: 1) added a red circle animation on slide 2, 2) fixed a typo on slide 9 – changed the lbs. of Aluminum removed from 450,000 to 405,000, and

3) fixed a typo on slide 12 - last bullet changed from ADM to AMD. Since the presentation is so large, we have placed both the powerpoint presentation and a pdf of the presentation on dropbox, the link to access the presentation is at: <https://www.dropbox.com/sh/764yuce9x7vfio4/AAAqO-vpszUct0m6hAvfrXqna?dl=0>

(note – it is quicker to download the powerpoint in dropbox via the download button on the right hand side).

~Hannah
